New Member FireCyte Therapeutics

Welcome FireCyte Therapeutics to NSIV! FireCyte offers to target microglia which paves the way for the discovery and development of first-in-class therapeutics that mitigate both

harmful neuroinflammatory disease processes and promote neuroprotection. FireCyte is led by **Bill Yelle**, CEO, and **Jon Levenson**, CSO.

Keeping Up With NSIV

BioLumic Inc

. ("BioLumic") announced

the closing of a \$13.5-million **Series B funding** round that will be used to accelerate commercial growth for its cutting-edge, patented agricultural technology that harnesses the power of ultraviolet light to improve plant productivity.

of Bioenzymatic Fuel Cells

Sofia Malferrari

(BeFC) appeared on a recent episode of the podcast **RadioEntrepreneurs** with **Jeffrey Davis**. In the podcast, Sofia discussed in detail BeFC's eco-friendly fuel-cell batteries for low-power applications. BeFC is a VIE that is expanding its operations from France to the U.S.

Keeping Up NSIV With Graduates

seqWell, a global provider of genomic library workflow solutions including the plexWell™ next-generation sequencing (NGS) multiplexing technology, announced a partnership with **Element Biosciences Inc.**, developer of the Element AVITI™ System.

What's Going On?

MassBio Hub Open House Lunch

July 20th, 12PM-2PM

Interested in learning more about how you can host your next event at the **MassBioHub**? Join us for an **Open House** and hear all about the *Hub's* offerings and audio-visual capabilities. You will enjoy a complimentary lunch provided by our caterer, meet the production team who can customize your hybrid or virtual event, and tour the entire facility to see its various room configurations. This state-of-the-art flexible use space can accommodate many types of events and meetings for 2 - 150 people.
